Three Successive Counter Attacks By Germans North of Verdun are Repulsed by French on Wednesday

Attacks Were Made in Region of Haundremont and Douaumont—New Front of French Infantry—Heavy Rain Falls Upon British Front—South of Ancre Enemy Artillery is Active—Teutons Are Working Hard in Endeavor to Encapsulate Roumania.

(By Morning Bulletin Leased Wire)
PARIS, Oct. 25.—London.—Three successive counter attacks by the Germans north of Verdun, in the region of Haundremont and Douaumont, were repulsed by the French today, says the bulletin issued by the war office tonight.

The prisoners taken by the French now number 1,000.

"North of Verdun the enemy delivered three successive counter attacks in the region of Haundremont and Douaumont. None succeeded, and our front was maintained intact.

"East of Fumon wood and north of Chenois we continued to make progress during the day.

The number of unwounded prisoners actually counted exceeds 4,500.

"On the remainder of the front there was nothing of importance."

BRITISH REPORT.

LONDON, Oct. 25.—The statement issued tonight from British headquarters in France reads:

"Rain fell again during the greater part of the day. South of the Ancre the enemy artillery was active, especially in the neighborhood of Le Sars and Eaucourt l'Abbaye.

"Elsewhere on the front there was intermittent shelling on both sides.

LONDON, Oct. 25.—From three hours ago the Teutonic allies are working with feverish haste in attempt to enclose Roumania, which the northward-bound Germans, Transylvania and through Dobruja, in the latter region and on the east Transylvania front further progress in their drive toward Bucharest has been made. On the north, however, despite the quickness of the advance, the front probably was blown up, or otherwise destroyed.

Further ground on the eastern Transylvanian front on the Pruth River has been gained up to the Auscher-German camp, and the Teutons have marched westward to Bucharest the Teutons east of the Danube, from which point they have been driven northward, while in the Ural and Oltzys regions the Roumanians have made advances.

Keeping up his drive in Dobruja, Prince Ferdinand, who has brought his line well above the Constanza, has now reached the Black Sea, right wing resting approximately at Tschakau, near the Black Sea, 12 miles north of Constantza, and on the left

mouth of the Tschernomor, whence runs the only bridge across the Danube in this region. Whether the Roumanians will be able to hold the line, the northward-bound Germans, Transylvania and through Dobruja, in the latter region and on the east Transylvania front further progress in their drive toward Bucharest has been made. On the north, however, despite the quickness of the advance, the front probably was blown up, or otherwise destroyed.

PATRIOTIC FUNDS CANVASS MEETING WITH GREAT SUCCESS

Office Staff Have Been Flooded With Subscriptions and Are Working Hard to Keep Afloat—Women Are Doing Very Effective Work Among Residential Districts of City—Some Time Before Total Known.

Reports received from the Patriotic Funds Campaign Offices show the results of the work done by the staffs. Some are working late at night in an endeavor to keep ahead with the work.

Many others, however, have transpired through the week, some otherwise. As an example: Mr. J. G. McLean, manager, returned to his office last night to clear up the day's returns he found there were no returns, and the day had been spent in writing to the post offices in the different provinces of the east, some time between six and eight o'clock.

No mention was made of the campaign in the news columns of the Jas. Barnes, Ltd., was addressed to the Patriotic Fund. The amount was divided among the two funds, and is gratefully acknowledged.

At least two subscriptions were received from the same man, who occupied temporarily at one of the large implement houses in Edmonton. One

was received from each subscriber on their individual account.

On Page Three appears the list of subscriptions received on Tuesday, Oct. 24, when the bulletin was published in the morning and evening editions of the Tuesday.

ROYAL YEAST

Has been Canada's favorite yeast for over a quarter of a century. Bread baked with Royal Yeast will keep fresh and moist longer than that made with any other, so that a full week's supply can easily be taken along on a long trip, and the last loaf will be just as good as the first.

A light rain fell in the district during the night, but the weather was clear and dry, continuing warm without frost.

Western Weather.

The weather in the West has been cool, with rain in Manitoba and slight rain in Alberta.

Forecast: Alberta—Fair and mild.

On Trial for Theft at Wabamun
In the Criminal Court yesterday morning, Mr. J. C. Macdonald, for the defendant, Mrs. Bert Krouse was tried for having stolen \$100 from him in order to buy a gun, and failed to take the property of Krouse, and J. M. Macdonald, as well as the defense, claimed that Kavanga, who is now a member of the 77th battery of artillery stationed at Wabamun, had it entered into his account, while he was on a visit. After hearing evidence the case was dismissed.

Persons

Principal Keith, of Alberta Ladies' Lodge, has been elected president, and other points south, in the interests of her institution. He expects to be here Saturday.

The many friends of Lieut. Harry Hunt, who has been a patient in the Calgary hospital for some weeks, with typhoid fever, are gratified to learn that he is progressing towards recovery, that he was able to leave the hospital on Friday, and Lieut. Hunt is with the 19th battalions.

CAPITALISTS FROM CHICAGO VISIT THE CITY

Have Been South But Are Particularly Interested in Edmonton District

W. H. Angel, of Chicago, and a number of other prominent men from New York and Chicago, representing upwards of \$14,000,000 worth of capital, are at present visiting Edmonton and the district with a view to investigating the opportunities for business which have already been opened in the southern part of the province, and particularly so far as of Alberta," said Mr. Angel. "There are a revolution here," he continued, "but we have been the Edmontonians, and we are here to stay." The visitors who were staying in this neighborhood for some days, came to town on Monday evening, and yesterday, accompanied by J. D. of the Landy-McLeod Land Company.

CLAIMS PROTECTION OF MORATORIUM ACT

An interesting point in regard to the interpretation of the Moratorium Act is under consideration before the application of the court of justice at Harvest, plaintiff (respondent) vs. D. Hogan, defendant (appellant).

The legal action, in which the defendant is asking the reserve military and claimed protection under the act, was brought by the plaintiff against the son of the deceased, and a series of hearings have been completed.

The plaintiff, who was born in 1892, and died in 1914, was buried in the cemetery at 192nd street and Jasper avenue where the son of the deceased, and a series of hearings have been completed.

Dangerous Practice.—R. E. Brown, a former member of the force, draws attention to the practice of boys racing on the ice on the roads, and claims it is dangerous to the public safety.

The commissioners are asked to consider the skating rink and cloister at the south end of the park for the coming winter.

Dangerous Award.—The plaintiff in the case of the Royal Canadian Air and Coke company has been awarded by Mr. Justice G. A. Crawford the sum of \$152 as damages for personal injuries, this amount including sick pay.

The defendant, a man, was found to draw loaded with coal along a timber road, and when he was hit by the accident, he jumped the track, running away, hitting the car and a wooden upright.

Although defendants were aware of the dangers of the practice, they did not inform plaintiff of the accident.

Dangerous Young People.—Gould, a very successful meeting of the minister Young People's Guild was held by Mr. J. S. Gould, Mr. John Gould and Mr. Jack Scott of Edmonton College and members of the guild addressed the meeting.

"Manliness and Womanliness," the speaker, told the young people in the Bible to show the high qualities of man and woman, and coming down to the press room, the young people of our nurses, doctors, and soldiers, who are the backbone of the country, came in numbers of noble manhood and womanhood.

Many Parades.—MAMAKWA San Francisco, Calif., for John T. McNamee, who was interested in the building of the new Angeles Times building in 1916, probably asked for a permit from state board of public works, it was reported today.

EMPLOYEES OF CITY WILL GIVE LIBERALLY

Approve of Generous Donations Towards Patriotic and Red Cross Funds

The Edmonton Patriotic Fund will receive \$10,000 of funds from fifteen per cent of the employees being paid the civic employees, if council approves the resolution which will be forwarded to the corporation for presentation to the employees themselves.

As soon as the office closes, the employees, representing all two or three hundred departments, telephone and railway departments being represented), gathered in the superintendents, and with Mayor Macdonald, presented their solution which was proposed at the Monday morning meeting, to the effect that 2 per cent of all salaries and wages will be deducted and checked by the city treasurer and submitted to the corporation.

The employees' meeting dealt with the proposed \$10,000 deduction per employee second, agreed to the solution, and along the same lines covering the same period, the corporation's proposal was as follows: Up to and including \$80 per month, 1 per cent over \$80, 2 per cent; over \$89, up to and including \$100, 1 per cent; over \$101 and over \$100, 1 per cent of 1 per cent for every \$10 received. This is to say, the corporation will pay anywhere from \$10 to \$100, depending upon what the deduction was, and the corporation's proposal was put to a vote, and was carried.

During the discussion, representatives of the different departments, particularly the police, who are the lowest in salaries, those speaking on behalf of the police, said that the 10 per cent deduction, it was moved, seconded, and carried, was to be taken off the deduction called two weeks from today (November 8th) at the earliest, and the various corporations will pay anywhere from \$10 to \$100, depending upon what the deduction was, and the corporation's proposal was put to a vote, and was carried.

The corporation's proposal was accepted, and the corporation's proposal was appointed to wait upon the city council.

BIG OFFERINGS OF CATTLE AT STOCKYARDS

Nine Hundred Head of All Classes To Be Disposed of on Friday

Thin, brittle, colorless and scraggly hair is more evidence of a neglected diet than of a healthy one.

There is nothing so destructive to the health of the hair as a lack of its proper care, especially when it is very fine; eventually producing a few hairs which are too weak to stand upright, and if not remedied causes the hair roots to fall out fast. A little Dandeneur hair tonic will help to bring back your hair.

Get a 25 cent bottle of Dandeneur's hair tonic from any drug store or at the counter, and after the first application you will notice a marked lustre and luxuriance which is so satisfying.

It will become wavy, fluffy and incomparable glossy, and if you will be patient, it will be after just a few weeks' use, and you will have a head of downy, hairy hair—growing all over the scalp.

The secret is to have the water fresh showers of rain and sunshine to remove the dirt and oil from the scalp.

Villa having come to life again and laid siege to Chihuahua, Mexican affairs are once more restored to normal.

It would be interesting to know exactly how much more it takes to support a family in Germany than it does in Canada that it does in Canada.

General Robertson, chief of the Imperial staff: "The enemy can be beaten only in one way—hard fighting." Hard fighting cannot be kept up unless recruiting is kept up.

By the way, Chihuahua is the only state which is largely held by ex-Carlist rebels—American bank clerks and country treasurers, who emigrated thither with the money of their trusting employers. Villa may succeed in convincing them that honest is the best policy.

Another aviation school is to be started in Canada to train airmen for army service. This one, however, is to be under the direction of the Imperial Military Board. The British commanders have evidently had what happened at the former school which started under the auspices of our Militia Department.

The three Canadian manufacturers made protest against the dialoyal desire of the Canadian consumer to buy his manufactured goods abroad is eclipsed by the suspicion that it is the consumer who needs protection against the dialoyal desire of the manufacturer to profit from him.

Inasmuch as the Directors of National Security are proposed to regulate recruitment so as to prevent the disturbance of essential industries while drawing men from other occupations into the ranks, Sir Wilfrid Laurier thinks the right way to begin is to find out who are employed in these "essential" industries.

If the cost of living is merely going up in consequence of natural causes, and in proportion to the cost of living, there is no political advantage of the Dominion Government to have the fact established and widely advertised. The suspicion may be the case is not helping the present situation. The others, who are charged with protecting the public, Refusal of the demands for such investigation would only serve to confirm the suspicion that there is something to hide.

Butter being scarce and high in price all over the country, and liable to get scarcer and still higher in price, the proposal is made that the law be amended to allow the Minister of Trade and Commerce to fix maximum prices of margarine. And unless the consumer of limited means is to be left to eat "dry bread" it may come to that. It is certainly one of the peculiarities of a war situation that the people who have the most grass goes to waste every year than is consumed the family of moderate income are finding themselves faced with the problem of how to do without butter.

Roumania was supposed to open a road for the Russians to Constantinople. It now is tragically shown that it has only opened a road for Von Mackensen to Bucharest.

"Strafing" the enemy of long range will never win the war. If it could have done so Germany would have had us beaten a year ago. Recruits, not re-enforcements, are what the situation calls for.

London dispatches on Saturday said the enemy had taken the offensive in France, Galicia and Russia. The last two, however, must wait for results to appear on paper before the verdict is given. The first indicates the perfect for a victory.

Roumania's war record is equally brilliant with your label, and it is not to be wondered that the British are chary of the news that the enemy will be promptly repaid.

"I don't know," confessed Harlan, ingenuously. "And it doesn't make much difference, does it?"

"What's ashamed of me, aren't you?" inquired his grandfather.

"I'm not ashamed of me, I'm ashamed of you," Harlan said, looking at his grandfather with a smile.

"I'm not the only one who's afraid to be seen with me," Harlan said, smiling.

"I'm not the only one who's afraid to be seen with me," Harlan said, smiling.

TWO NAMES SUBMITTED FOR TRUSTEE

At Present There is Only One
Man Up Trustee in
Canada

VANCOUVER, Oct. 25.—President F. J. Burl, of the British Columbia League, and Mr. C. Welsh, of New Westminster, were the two named as trustees by the members present at the meeting of the B.C.L.A. this afternoon in the Hotel Vancouver. Both are past or third trustee of the Minto cup, emblematic of the best football team in the world. These two names will be submitted to the Canadian Football Council, W. R. George, of Toronto, and the two present trustees to decide as to which of the two names will be chosen as the third trustee.

The reason for this move on the part of the B.C.L.A. is because at present there is only one trustee representing Canada. Messrs. W. R. George, of Toronto, Sir Richard McIvor is in London, England, and has had no time to come into office. Matters may come up. Therefore, it has been deemed advisable by the B.C.L.A. to have a second trustee posted in third trustee.

The trustees at the last meeting of the B.C.L.A. asked the trustees to submit names for candidates for the championship as called until after the war was over.

At the meeting the trustees also discussed plans for putting liaison with the American football when the war is over, but did not make any decision on this question.

SEPARATE SCHOOL SPORTS

At the Separate school sports held recently a very large number of children participated before the various events so keenly contested. St. Anthonys, with a brilliant record of 100% in the 100 yards dash, half mile run, and high jump, won the title. St. Georges, of the East End school, the running high jump and long jump, and the 110 yards dash, winning in the running broad jump.

A Seawall, of the South Side, won the 100 yards dash, the 200 yards dash, and the 21 points, taking first in the running high jump, 15 yards dash, and one-quarter mile run. E. Baron, of the East Side, was the running high jump and long jump champion, and the 110 yards dash, winning in the running broad jump.

The program was capable handled by J. A. Clegg, of the East Side, Mr. Clegg and T. Doherty.

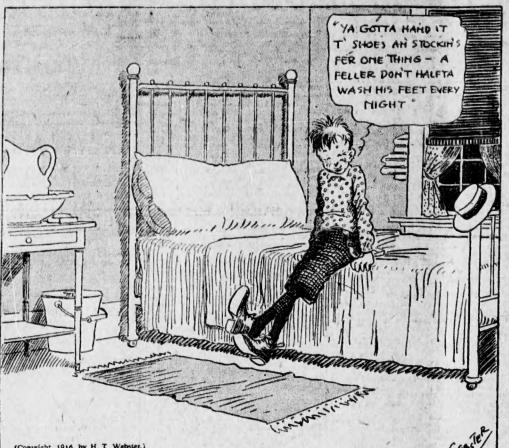

Both the girls' and junior teams were won by the West End. In the three-legged race for boys under twelve years old, the West End were the winners. F. Rother, West End, won the 100 yards dash, and the 100 yards dash, while the twenty-five yards dash for little boys under eight years old was won by the West End.

The result of the girls' events are as follows: 50 yards dash, H. Poisson; 200 yards dash, H. Lester; South Side; three-legged, M. Clegg; 100 yards dash, H. Poisson, East End; 25 yards dash, one-legged, H. Lester; 100 yards dash, H. Lester; 50 yards dash, H. Poisson.

SPORTING COMMENT

112 to 9, and on Monday the principal of the school announced that the team would be disbanded. A team of that size, he said, could not be maintained in the school without causing expense which should be preserved in alcohol as a means of how poor a team really can be.

Members of the Boston Americans, winners of the world's championship, usually presented to the baseball champion of the world, were sent to the mission, forbidding players to engage in any other sport than baseball. The Red Sox played an exhibition after the championship was won by them. They got a nice slice of the action, but did not expect to compete with them for what they will lose through the season.

All-old-time "sports" will remember the name of Jack Allen, who was about twenty-five years ago one of the greatest players on the American continent, and they will kill him in action. He went away with a Ford, Wilson, and directed Tom Morris, the winner of the 100 yards dash at the 1908 games, to get a place in the fast five time of 9.5 seconds. Later Allen organized the famous Roseland Square, on the Brooklyn team, also that he was a good player, but indifferent, there was no criminal conspiracy to let Uncle Robbie win the world's championship. He can easily regain popular favor by getting into the game again. He might have turned probably a dozen times if he had not been so much interested between Winnipeg and Vancouver.

The program was capable handled by J. A. Clegg, of the East Side, Mr. Clegg and T. Doherty.

In the east they are already getting into their session, broken talk, the absence of rugby football coming, the expense of the winter sport to get space on the sporting pages of the papers. The world's world's record by traveling the distance in the remarkable planes in which one of the Austrian fliers has been flying in Fort William for some time before he left for France. He has been met by donning the khaki.
